

BOUX AVENUE

Large format displays.

Installation and management of Large Format Displays.

Intevi are proud to be working with Boux Avenue for their nationwide digital display network of over 600 displays.

Ranging from 10" POS (Point of Sale) to large 95" display screens, the system is centrally managed for scheduled and simple content distribution.

Intevi installed large format displays in the Oxford St flagship store, filling it with the latest digital media solutions. Ranging from small 10" Point of Sale tablets to large format window displays to

attract customers to the store. Intevi also installed a 95" large format display in the waiting area, displaying a selection of scheduled content to make sure the customers are up to date

with the latest offers, meaning they can make more informed purchasing decisions.
